Bachelor in Business Administration (Hons) Finance & Banking

KPT: N/3406/6/0334  MQA: PA 5188

The Master of Business Administration (MBA) program offered through the IQRA Business School is open to anyone holding a bachelor's degree from college or university, regardless of undergraduate major.

IQRA Business School, at the very center of business, you'll learn to respond dynamically to any challenge. You'll gain the skills you need to succeed in a fast-moving, competitive business environment and see how to create opportunities where they once seemed impossible. At our School, in the heart of Kuala Lumpur City Centre, you'll learn these tools from the most influential figures in industry today.

Upon completing 9 core foundation courses in business and management, program participants are given the option to concentrate in one of the following concentrations:

Course Objective

- To impart students with strong knowledge and skills related and required in business administration.
- Organizing the subjects well as to ensure all the program aims achieved especially for subjects that required the development of soft skills, leadership and collaboration works.
- To prepare high academia and managerial environment in the studies by seminars, research, paper presentation and academic works.
- To develop ethics, professionalism, leadership and other essential soft skills required by the employers.
